

## Durango Arts Center Gallery Shop

The Durango Arts Center is a non-profit, community-based arts organization dedicated to advancing the visual and cultural arts for the enrichment of the individual and the community. The Gallery Shop is committed to providing a quality fine arts and crafts venue for the Durango area. A committee comprised of local professional artists and craftspeople, business professionals and/or DAC members is responsible for jurying the consignment merchandise from local and regional artists.

Consignment is a 60/40 split of the sales price between the artist and the Gallery Shop – 60% of the sales price to the artist while the Arts Center will retain 40%. Checks are issued at the end of each month. The Gallery Shop consignment agreement states that work will remain in the gallery for a minimum of 60 days. After that period, a 30-day notice is required by the artist or the DAC to terminate the contract. Our contract states that the artist agrees to “media exclusivity” with the DAC and cannot engage in contract with another gallery or permanent retail establishment in Durango with the same medium. The Gallery Shop committee retains the artist’s slides for the duration of the contract.

Artwork to be considered includes ceramics, drawings/pastels, wearable fiber, non-wearable fiber, glass, graphics/prints, jewelry, 2D and 3D mixed media, metal, paintings, photography, sculpture and wood. There is limited space for 2D artwork. No large sculptures or large furniture can be accepted. The Gallery Shop sells work best in a price range up to \$500.

If you are interested in consigning your work to the shop, please submit:

1. Four slides or digital images (CD) of current work
2. A slide list with corresponding sizes and retail prices
3. A short description of the processes in creating your work
4. SASE with adequate postage for return of slides and notification letter

Please fill out the information on the next page of this application.
